To,

**The Director,  
AIMS, Baramati**

Respected Sir,

**Sub: Report on Remedial Course on EABD-Reg..**

On account of the poor result of the subject (103) Economic Analysis For Business Decisions, I have taken up following remedial measures:

1. I have made available the previous question paper Solved, and assigned the students to solve most likely questions (provided during recently held internal and University examination for the subject).
2. Remedial classes were held from 17<sup>th</sup> Feb., to 22<sup>nd</sup> Feb., 2020. 32 Students attended such remedial classes. Students were also supplied study material through whatsapp, email and Google Classroom.
3. Counseled the students on stress management during the examination.

During the course, the faculty member realized that students have fair ability to understand the concepts of both simple and complex level. But, they were unable to reproduce the concepts in totality. They were assignments of varying difficulty level in a tapering manner from simple to complex.

Another difficulty was found with the medium of instruction. Students were advised to internalize the meanings of key jargons frequently used in the subject matter. This helped in improving their comfort level with the subject of economics.

Lastly, students were given some general but useful tips in examination related stress management.

The students after undergoing the remedial course claim to be competent and confident to take up university examination in the subject. However, due to the ongoing lockdown, the University Examination for the backlog subjects have been indefinitely postponed. Therefore, the faculty member plans to schedule one more remedial course well before the schedule of the examination in future course.

Humble submission for your perusal

  
**Dr. Umesh Kollimath**  
Associate Professor,  
AIMS, Baramati.

Dear Colleagues,

**Subject: Result Analysis for further Teaching-Learning practices – reg.**

Greetings of the Day!!!

MBA 2019 Pattern Exam results of **SEM I 2019-21** batch has been declared on 07/02/2020. The overall Result analysis shows that only 20.79% have cleared the examination, which is lesser than previous year batch (SEM I 2018-20) result i.e. 25%. Hence, we need to take corrective actions / remedial sessions to improve the result in upcoming exam. Result analysis of respective faculty member is provided herewith to use it as a base to improvise teaching-learning practices in their respective subjects/courses.

Wish you a very happy academic journey ahead & expect to generate outstanding contribution.

Thanks & regards.
