Fresher's Party 2K19

AIMS has organized a fabulous fresher's party to welcome the batch of 2019-20. Aptly called "Fresher's Party", the purpose of this event is that every "fresher" of AIMS should feel like an integral part of the Institute and be ready to take on challenges of the year ahead. The programme commenced with the traditional lamp lighting ceremony to seek blessings of Ma Saraswati.

Jovial smiles and high spirits marked the welcome party for the students. The party manifested youth and enthusiasm at its full flow. With pulsating ambience, flashing lights and foot tapping music, the party began with a blast. As the mercury began to rise, the dance floor was left open for some unbridled energy. Joy and happiness could be seen in the students. It was a fun filled event at which the freshers got an opportunity not only to showcase their talents but also to interact with their seniors. The excitement augmented to a joyful high when the rounds for Mr & Ms contest began. Contestants from the fresher's batch vied for the Ms. Fresher and Mr. Fresher 2019 titles. The contest included several rounds involving singing, dancing, talent display, dress parade and the final question and answer round.

Mr.Altab Shaikh and Ms. Akshata Kulkarni were crowned the title Mr. and Ms. Fresher's respectively.

Fresher's party is all about making the best start to the new academic year. A time to create everlasting relationships with each other. The event is an indication of union among the students.

Finally the program ended leaving behind sweet memories that will be cherished lifelong. It was indeed interesting to know that the whole event was organized and co-ordinated by the students of the senior batch.

Debate

Debate is the activity that brings the art of reading, thinking and speaking together in one place. The ability to create, present, and evaluate ideas remains essential to democracy and commerce in modern societies. A debate program fosters these traits. These activities are transformational experiences for students, as they develop skills like quick thinking, sound argument, and confident speaking. Debate activities create leaders. Leading requires intelligence, vision, empathy, efficiency, and resolve. Participating in and studying debate cultivates these essential leadership skills in young women and men. This is the idea behind starting debate activity at AIMS.
